

Walk to the Monument

A very emotional touching part of the conference was the walk to the monument for victims of the Nazi-Euthanasia Program, which is situated in the park of the former Provinzial Heil- und Pflegeanstalt Bonn, near to our conference venue.

In memoriam of the victims the participants stayed in silence.

In the years 1939 to 1945 over 200 000 people were murdered by the NS Euthanasia Program - among them children and disabled persons. A special section was built up to "observe" infants and small children, making use of them as experimental material before being killed.

In the last phase of the murderous Euthanasia Program from 1942 - 1945 thousands of inhabitants of the Provinzial Heil- und Pflegeanstalt Bonn were transported to the death chambers of the NS Regime.
